What is Language tandem?

Language tandem is a method of language learning based on mutual language exchange between tandem partners.
Tandem language allows you to join forces with someone who speaks the language you want to learn, so you can both benefit from each other’s skills.

Ideally, each learner is a native speaker in the language his partner wants to learn.
How does it work?

- You will be divided into pairs or groups based on the number of participants and the language you want to practice.

- You will talk for 30 mins in the language you want to practice and 30 mins in your own language/ a language you master.
How do I participate?

- Ask for the form at CLA’s InfoPoint and fill it in

OR:

- Send an e-mail to tirocinanti.cla@gmail.com with your name, the language you want to practice, the one you offer in exchange, and the day which suits you better (Wednesday or Thursday)
